## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 57-58, 62-67, 70-74, 79-85, 85-95 and 99 – 103 are rejected under 35 U.S.C. 102(b) as being anticipated by Hayakawa et al, of record, for reasons set forth in the prior Office action.

### ***Allowable Subject Matter***

Claims 59-61, 68-69, 75-78, 86-88 and 96-98 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

### **Response to Arguments**

Applicants' arguments that the terminology 'echo signals' presupposes a location in relation to the signal processing channel in the receiver is not well-taken, since artisans refer to the data as 'echo signals' generally as anywhere from after transduction of the echo into an electrical (signal) form, and thereafter it becomes an altered (filtered/detected/beamsummed/scan converted etc.) such signal, for example Jago (US6547732 col. 2 lines 39 – 56 represents discussion of the echo signal during various altering stages of processing.

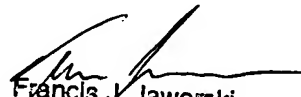

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
